Mercy Without Limits

Your gift of sponsorship can change a child's life forever. Together we can make a difference.

WHO WE ARE

Mercy Without Limits is a nonprofit 501© (3) (status) humanitarian organization dedicated to working with children, orphans, widows, and refugees worldwide to reach their full potential and improve their living conditions.

MWL provides individuals with a platform of adequate support to prosper within their communities and improve their living conditions. With several branches in Syria, Turkey, Jordan, Iraq, Sierra Leone and Ghana, we provide basic needs through capacity building, protection, education, empowerment, rehabilitation programs, psychological support, livelihood, family counseling and food security projects. Mercy Without Limits works to recruit grants and donation funds provided by international organizations, charitable communities and individual contributors for development projects.

WHO WE SERVE

Mercy Without Limits provides hope and assistance to women, children, and communities living in fragile states and humanitarian situations, empowering them to have an effective and positive role in constructing a better society. Mercy Without Limits serves all people, regardless of religion, race, ethnicity, or gender.

WHY WE SERVE

Mercy Without Limits strives to meet the needs of neglected and underserved communities so that future generations may have the tools they need to create meaningful change in their own lives. Working with partners around the world, we empower communities to recover, build resiliency, and thrive in the face of unfortunate circumstances.

- MWL acknowledges that everyone deserves the necessities of life including food, clean water, shelter, clothing, health services, and opportunities for sustainable growth.
- MWL respects and supports all types of cultures, habits, and individual and community customs. MWL ensures that all stakeholders are involved in assessment, program designing, and implementing by activating all necessary tools to achieve the highest level of accountability.
- MWL believes that all human beings have the right to the necessities regardless of their gender, age, religion, or ethnicity.
Mercy Without Limits is there to assure that the most vulnerable have an opportunity to survive. Our work takes us into the heart of international and domestic communities, where we assist in providing the fundamental tools for the survival of vulnerable populations. MWL programs are built and run in collaboration with the very communities we aim to aid. Our collaborative team is highly invested in efficiently and effectively using all available resources to meet the specific needs of each community we serve.
Let us sacrifice our today so that our children can have a better tomorrow.
