Dearest friends and supporters,

I hope this letter finds you and your family in good health and prosperity.

I write this with the sincerest gratitude to all our donors and the Mercy Without Limits MWL family (staff and volunteers) for your continued support to those suffering in unfortunate situations. This past year has seen many populations face unexpected challenges impossible to prepare for. With your generosity, we have been able to bring vital resources and education to a vast multitude of communities in several different countries around the world. On behalf of our invaluable staff and volunteers at Mercy Without Limits, we are deeply moved by the support that has made all of this possible. Thank you for inspiring hope in others who have been struggling; your aid has carried numerous families through their difficulties and replenished the energy with which people live and dream. This extraordinary spirit of giving brings us together as a community and unites us all in pursuing a universal goal of the utmost importance: to make the world a better place.

Sincerely,

Mohammed Hassan

About
Mercy Without Limits

Since its establishment in 2012, MWL has been dedicated to addressing humanitarian needs for orphans, widows, and refugees regardless of age, gender, race, or religion.

Vision
A better world for children and women.

Mission
To educate and empower women and children by enabling them to have an effective and positive role in constructing a better society.

Promise
Mercy Without Limits strives to meet the needs of underserved communities so future generations have the tools they need to build a better future. Working with partners around the world, we empower communities to recover, build resiliency, and thrive in the face of unfortunate circumstances.

MWL believes that regardless of gender, age, religion or ethnicity everyone deserves the necessities of life. Inclusion is how we unleash the power of diversity. We respect and recognize all cultures and communities. MWL ensures that all stakeholders are involved in assessment, program designing, and implementation to provide an improved quality outcome for our beneficiaries.

We want to empower people to make positive changes in their lives, the lives of their children, and their community as a whole.

There are children struggling in various parts of the world who require resources to survive difficult conditions. They need help, their parents need help – and with the help of our donors we can bring so many women and children the resources they need.

Ensuring protection for underserved communities is a vital necessity to survival and therefore a priority to MWL. We’ve been utilizing multiple methods to provide protection services, including cash for protection and protection by mine action.

**Cash for Protection**

Our Cash Assistance for Protection program functions in the protection sector of humanitarian efforts in 8 countries. The aim of this program is to increase protection and aid to those in need, particularly orphans and widows who are among the most vulnerable categories MWL helps. This program provides cash assistance that covers the cost of basic necessities, as well as physical and mental healthcare. Cash assistance is also provided for additional services that are determined based on demand.

**Protection Services**

- Bi-annual health checkups for children
- Follow-up medical care
- Holiday clothing and gifts
- Seasonal food baskets
Program
Protection

Child Protection

Children across the world who’ve been displaced due to natural disasters, economic struggles or conflicts, have been identified as a vulnerable group that could be at risk of additional physical, psychological and psychosocial problems that arise from their difficult situations. It is a prioritized focus of humanitarian organizations worldwide to care for children’s physical and mental health. MWL is taking part in this mission by partnering with humanitarian agencies to conduct projects worldwide. Child protection programs MWL is involved in include recreational activities, structured and semi structured psychological support; and awareness campaigns that focus on subjects such as personal hygiene and education.

Shelter & NFI

Shelter is one of the basic necessities of daily life; it gives families privacy and comfort; and provides security, shielding them from the outside elements. People worldwide who have been displaced and lost their homes due to tragedy and disaster have found themselves without adequate shelter. MWL provides tents and living quarters to Rohingya Refugees in Bangladesh. Shelters were implemented to expand shelter capacity and improve living conditions to help facilitate survival.

Education

Mercy Without Limits strongly believes in the mission to bring education to underserved communities across the globe. Equipping children and adults with the necessary tools they need to develop their knowledge and skills will enable them to bring about lasting change to their community. Achieving this goal also enables individuals to be self-sustained through their own talents and abilities they have been able to develop through their education.

During the Covid-19 pandemic, dropout rates have increased due to sickness, conflict and poverty; as well as loss of wealth and family. MWL works towards solving the global education crisis by implementing a variety of education projects, meeting the vast demands of basic educational needs, such as learning kits, rehabilitation schools, teachers’ incentives, etc. Accelerated learning programs have also been made available as an option to disadvantaged children to provide them with equivalent educational standards to match their age. Children with special needs were served in all projects, maintaining equal opportunity for all children to learn.

Families around the world suffer from hunger and a lack of adequate nutrition. Mercy Without Limits is aware of the struggles people are facing with food scarcity, and we partner with other NGOs to implement agriculture and livelihood services in an effort to provide sustainable nourishment to those facing food scarcity. With the aid from provided funds, MWL is able to distribute food baskets, Ramadan hot meals, and additional food resources. The projects implemented aim at providing sustainable nourishment to those facing food scarcity by improving economic circumstances and depleting the inflation rate.

Health

Mercy Without Limits has participated extensively in providing health care services to people affected in a variety of countries worldwide. There are many situations internationally that have led to poor health conditions due to displacement, violence and social instability. All of this has become exacerbated by the Covid 19 pandemic. The insufficiency of healthcare facilities, and the struggle they’ve had to continue to operate in many situations with a lack of water, supplies and electricity, has led to outbreaks of disease as well as an increase in the morbidity and mortality rate in communities at risk.

At Mercy Without Limits, we strongly believe in doing our best to equip women and youth with resources that would enable them to be successful in their communities. Every year, MWL takes part in projects that help these groups develop financial independence. Training sessions that teach them life skills to launch their own small businesses were provided throughout the year in 2021.

Seasonal Projects

MWL knows that at certain times of year and under certain conditions, disadvantaged people around the world might need additional help. Taking this into consideration, our team brings assistance through a variety of seasonal projects that aid our beneficiaries through times that are crucial to them. In 2021, Mercy Without Limits took part in such seasonal projects as providing food baskets during Ramadan, Qurbani, Eid gifts, heaters, blankets and winter coats for children; along with many others.
