YOUR HUMANITARIAN HELP HAS BROUGHT RELIEF AND HAPPINESS TO SO MANY AROUND THE WORLD.
Children are the most cherished members of society. We at Mercy Without Limits appreciate the value children bring as they are, and the future they represent and will play a major role in shaping. With the crucial part that these young individuals will play in the well-being of our world, we work to provide them with basic necessities to ensure their safety, along with educational opportunities to prepare them with the foundations they need to chase their dreams.

This Fall, with the help of our devoted donors, we’ve provided for thousands of orphans in various countries, and we’re excited to share the difference we’ve made with you.

It is important for every child, no matter where they live in the world, to maintain an understanding of how to keep themselves safe. A great part of how we help orphans and their family members is through educating them in general awareness to protect themselves from potential harm. Through classes and informative PSEA sessions we provide, we are able to teach children and family members how to look out for themselves and stay safe, even under difficult circumstances such as displacement.
